

## DEPARTMENT OF TECHNOLOGY SERVICES' FUNDING REQUESTS

INFRASTRUCTURE AND GENERAL GOVERNMENT APPROPRIATIONS SUBCOMMITTEE  
STAFF: RYAN MORTENSON

### ISSUE BRIEF

This issue brief summarizes the new funding requested by the Department of Administrative Services in the 2018 General Session.

1. \$168,000 requested in additional dedicated credits by Automated Geographic Reference Center – Geographical Information System projects
2. \$850,000 moved from Chief Information Officer to Governor's Office of Management and Budget for Data Coordinating System. This transfer is the remaining balance of the \$2 million appropriated for the Data Coordination Project.
3. \$125,000 ongoing requested for FY 2019 that would sustain a Geospatial Enterprise Data Fund to be administered by AGRC. The primary goal is to fund a refresh cycle for high-resolution aerial photography for use by state, local and tribal government, their contractors and formal partners, and K-12/higher education. This funding request will sustain the statewide 6-inch pixel aerial photography services.
